

THE 2XS HIRE PACKAGE

New 2018 Ezzy sails, RRD/Ozone kites, RRD/Goya & Quatro windsurfs & Fanatic/Quatro SUPS

HOW IT WORKS

1. Call the day before to reserve gear
2. Arrive on the beach, get changed and straight out on the water – changing sizes if conditions change – no problem.
3. Return gear to beach when finished
4. If the wind drops, take out a SUP.
5. Drive home after having a great day out on the water.

NB: If you are on a kite package you will need to pump and line up kites. We will help you launch and land.

We don't have many terms and conditions but these are the few. If you damage any item you will be charged at our cost. You will need to keep to club safety rules. The hire package is only for you and cannot be used by anyone else. You will need to call the Club 01243 513077 the day before to book gear. Available 1st March to 31st October 2018.
